

Ontario County Fire Chiefs' Association's annual Training Seminar took place on March 15th, at the Safety Training Facility. Chief James Harrington of the Gates Fire Department and FDNY Battalion Chief Gerald Tracey presented their programs to the more than 100 fire department officers and members in attendance. Chief Harrington detailed his fire department's response to a 36-vehicle pile-up on I 390 during whiteout conditions and Battalion Chief Tracey explained the finer points needed to conduct a successful size up. Both programs were received with much enthusiasm. On display were some of the new apparatus now operating in the county.

New apparatus on display

FDNY Battalion Chief Gerald Tracey

Gates Fire Chief James Harrington

Honeoye's and Naples' new ATV's.
